huggingface: ahmedmohamedgalal (Ahmed Mohamed Galal)

Summary

Highly motivated and detail-oriented Data Scientist with a strong foundation in data analysis, machine learning, and statistical modeling. Experienced in handling real-world datasets, delivering actionable insights, and building predictive models using Python, SQL, and Scikit-learn. Demonstrates strong analytical thinking, technical skill, and business understanding through academic projects and multiple internships at top-tier companies

EDUCATION

9-Month Professional Diploma, Information Technology Institute (ITI), Ministry of Communications and Information Technology Oct 2025 -Sept 2026
Track : 3D Generalist , Smart Village

B.Sc. in Business information system | Modern Academy 2021 -2025
Grade: Very Good

Experience & Internships

QNB Bank 09/2024 - 10/2024 (onsite)
• Completed the 2024 Summer Training Program for students.
• Gained exposure to daily retail banking operations and customer service practices within the branch.

Huawei ICT Internship – Artificial Intelligence 09/2024 – 10/2024 Remote.
• Built CNN, ResNet, and VGG models using TensorFlow and PyTorch for image classification.
• Applied transfer learning to achieve ~92% accuracy on Computer Vision benchmarks.

CIB Egypt – Summer Internship 08/2024 – 09/2024 Remote.
• Conducted EDA on financial datasets using Python & SQL, improving reporting efficiency by ~30%.

SKILLS

- **Programming:** Python, SQL
- **Machine Learning:** Scikit-learn, Regression, Classification, Feature Engineering, Model Evaluation
- **Deep Learning:** PyTorch, TensorFlow, CNN, RNN
- **Data Analysis:** Pandas, NumPy, matplotlib , EDA, Data Cleaning, Data Visualization
- **Computer Vision:** OpenCV, YOLO
- **NLP:** Natural Language Processing
- **Tools:** Jupyter Notebook, Git, GitHub

Projects

- **BTC Prediction**
  - Used: linear regression and Api to get the data with 99% Accuracy
- **Price House Detection**
  - Used: LGBMRegressor and data from kaggle with 87% Accuracy
- **Breast cancer**
  - Used: Logistic Regression and data from kaggle with 95% Accuracy
- **Predict the Introverts from the Extroverts**
  - Used: Logistic Regression and data from kaggle with 96% Accuracy
- **Predict Podcast Listening Time**
  - Used: CatBoostRegressor and data from kaggle with 85% Accuracy
- **Fake or Real: The Impostor Hunt in Texts**
  - Used: Logistic Regression and data from kaggle with 94% Accuracy

Certifications & Courses

- Data Science Epsilon AI
- IBM Machine Learning with Python
- Deep Learning With Pytorch
- Generative AI Core Architectures for Natural Language Processing

Languages

Arabic: Native **English**: Very Good

Additional Information

Military Status : Final exemption
